City Gas as the “Official Gas Provider” for Singapore Food Festival 2010

Singapore, 16 July 2010 – City Gas is honoured to be selected as the “Official Gas Provider” for the highly anticipated Singapore Food Festival (SFF) which will be running from 16th – 25th July 2010.

City Gas has been a loyal supporter of the Singapore Food Festival since 2005, and we are honoured to be the official gas provider in 2010. The Singapore Food Festival is regarded as one of the top food events for Singapore, bringing the much-loved local cuisines to the world stage.

Kicking off the 10-day food festival at Clark Quay Food Street, food lovers can savour the local Singapore Chinese dialect delights as the entire Read Bridge will be transformed into a food haven. And as the “Official Gas Provider”, City Gas will be at the 10 cooking classes during the festival that will teach patrons the preparation of traditional dialect food favourites.

“Food brings people and families together. In Singapore, food is not merely to serve as nourishment, but a well-loved past-time and passion by many. Here at City Gas, we are proud to be able to participate year after year with the Singapore Food Festival.” Says Mr Ng Yong Hwee, President & CEO of City Gas Pte Ltd.

About City Gas

City Gas Pte Ltd (as Trustee) (<http://www.citygas.com.sg>) is a wholly owned subsidiary of the CitySpring Infrastructure Management Pte Ltd. Prior to the listing of CitySpring, City Gas was 100% owned by Temasek Holdings. On 2nd January 2002, City Gas was established as a divested entity from PowerGas Ltd, with its core businesses in the production of town gas and it retails it island-wide to all residents as well as supply both town gas and natural gas to commercial and industrial sectors.

With a long heritage history of about 150 years, City Gas has been supplying town gas to almost 90% of the residents living in new Housing Development Board estates and private properties as well as many commercial and industrial operations like hawker centres, food courts, restaurants, hotels, hospitals, laundries, electronics and printing plants.

City Gas will continue to position itself as Safe, Reliable, Convenient, Hygienic and Economical. It will carry on to partner closely with the developers and consultants to provide a comfortable life style for the homeowners with a multiple gas appliances concept e.g. gas cookers, gas water heaters and gas clothes dryers.

With its century-old strong technical experience and background, City Gas will carry on being innovative as a key energy solutions provider to our commercial and industrial customers.

To further extend its touch points with their customers, City Gas Gallery serves as a customer service centre to handle enquiries with regards to piped gas installations and other gas-related issues. It is also a one-stop retail hub, featuring a wide range of gas appliances to meet our customers' needs.
